

CASE #046 UPDATE // NEW EVIDENCE

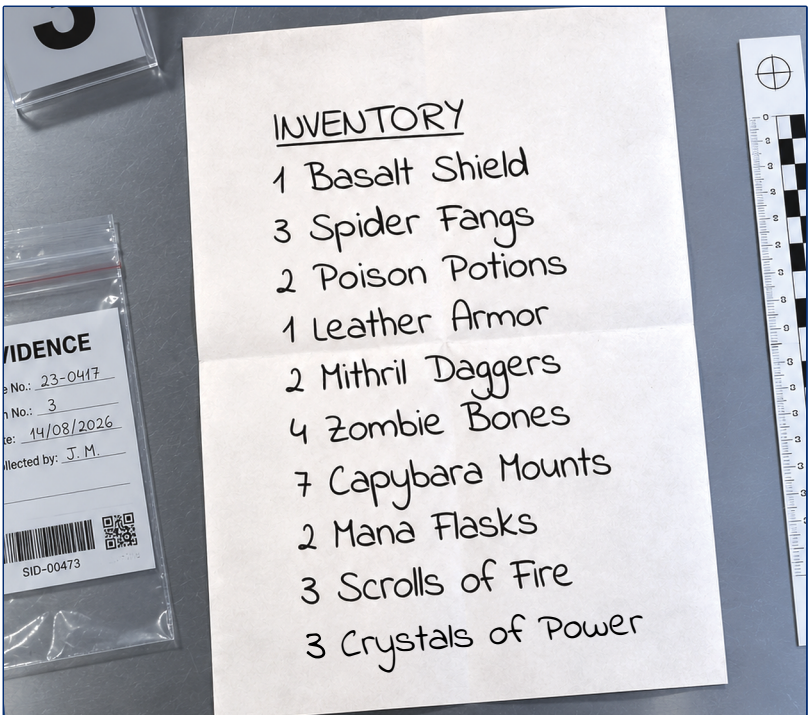

COMPLEXITY:

INSPECTOR PARKER

OCEANIS FOLLOW UP

Agent, this piece of paper was found in the Gamer's cabin on the Oceanis. At first glance, it looks like an ordinary inventory list from his video game. But, who on earth carries 7 Capybara Mounts into a dungeon? Something doesn't look right.

YOUR MISSION: Take a closer look at the list. I think something bigger than a capybara is hidden here...
